## Cellular Auto Voice Dialer Security Systems

Astec Offers this Full Featured Security System with Four Independent Voice Channels  
PLUS Universal Cellular Dialer Backup

CVD-2000 is a completely self-contained, four-channel monitoring system and cellular automatic voice dialer. Trigger events are announced via recorded voice message delivered by a cell phone when a call is answered.

Representing an exciting new level of achievement, the CVD-2000 combines technologically advanced features, ease of programming and reliable operation in a compact obtrusive dialer completely compatible with any security alarm system.
