**FOR IMMEDIATE RELEASE**

**Astec to Exhibit at Compost 2022, USCC Conference and Tradeshow**

**CHATTANOOGA, Tenn., January 21, 2022** – Astec, manufacturer of Peterson forestry equipment, will exhibit at Compost 2022 held January 24-27 in Austin, Texas.

The world's largest conference for composting, wood recycling and related industries features industry-led seminars with more than 20 speakers, networking workshops, and a live equipment demonstration day.

Astec will be at booth #100, featuring the Astec Peterson 5710D horizontal grinder for visitors to see up close. Attendees will also have the opportunity to see the 5710D in action on Demo Day, January 27. Notable features of the 5710D include:

- Tier IV Caterpillar C27 1050hp (772 kW) engine or an optional C32 1125hp (839 Kw) engine
- Impact Release System protects the machine against hazardous material
- Adaptive Feed System monitors RPM for optimal performance

Astec representatives will be in booth #100 and at Demo Day to educate visitors about the entire line of Astec forestry compost and organic recycling equipment.

Astec is excited to share our story with potential and current customers at the US Compost Conference 2022.

###

**About Astec Industries, Inc.**

Since 1972, Astec Industries, Inc. has been connecting communities by providing innovative rock to road solutions for our customers. United by our purpose - Built to Connect - Astec is a leading global manufacturer of specialized equipment for asphalt road building, aggregate processing and concrete production. Operations are divided into two primary business segments. Infrastructure Solutions includes road building, asphalt and concrete plants, thermal and storage solutions. Material Solutions includes aggregate and other material processing solutions.
